INDEPENDENT AUDITOR'S REPORT

Board of Trustees
National Lutheran, Inc.
d/b/a National Lutheran Communities & Services
Rockville, Maryland

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of National Lutheran, Inc. d/b/a National Lutheran Communities & Services (Organization), which comprise the consolidated balance sheets as of December 31, 2020 and 2019, and the related consolidated statements of operations, changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements (collectively, financial statements).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entities' preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entities' internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of National Lutheran, Inc. d/b/a National Lutheran Communities & Services as of December 31, 2020 and 2019, and the results of their operations, changes in net assets, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note 17 to the financial statements, the Organization received government funding through the Small Business Administration (SBA) Paycheck Protection Program (PPP) and the U.S. Department of Health and Human Services (HHS) Provider Relief Fund (PRF) consequent to the operating conditions created by the COVID-19 pandemic. Our opinion is not modified with respect to these matters.

Report on Consolidating Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating information is presented for purposes of additional analyses rather than to present the financial position, results of operations, and cash flows of the individual companies and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The consolidating information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 1. Nature of Organization and Summary of Significant Accounting Policies

Nature of Organization: National Lutheran, Inc. (NLI), a Maryland not-for-profit corporation, is the parent corporation of a system doing business as National Lutheran Communities & Services (NLCS). NLI is affiliated with the Evangelical Lutheran Church in America (ELCA).

NLI provides management and support services and is the sole Member or parent of the following subsidiaries:

National Lutheran Home for the Aged, Inc. (NLHA) is a Maryland not-for-profit corporation that is a supporting organization to NLCS.

The Village at Rockville, Inc. (TVAR), a not-for-profit corporation originally incorporated in the District of Columbia, operates a retirement community in Rockville, Maryland, which includes 244 independent living units, 50 assisted living units, and 160 skilled nursing beds.

The Village at Orchard Ridge, Inc. (TVOR), a Virginia not-for-profit corporation, operates a continuing care retirement community in Winchester, Virginia. The community opened during February 2013 and consists of 324 independent living units, 20 skilled nursing units, and 18 assisted living units.

The Legacy at North Augusta, Inc. (TLNA), a Virginia not-for-profit corporation, operates independent and assisted living services in Staunton, Virginia, and offers 121 dual-purpose assisted living and independent living units.

The Village at Providence Point, Inc. (TVPP), a Maryland not-for-profit corporation, was formed to acquire and develop property located in Annapolis, Maryland, as a continuing care retirement community. The Organization will offer independent living apartments, cottages, and health care suites. TVPP has entered into a land purchase option and developer agreements related to the project. The development is in its planning and development stages and TVPP began incurring costs related to this project in 2019 with costs being funded by NLI. In February 2019, TVPP received approvals from the Maryland Department of Aging and began marketing the project and is waiting for municipal approvals to begin construction. The Maryland Department of Aging will need to provide an approval prior to beginning construction relating to pre-sale levels.

Augsburg Lutheran Home of Maryland, Inc. d/b/a The Village at Augsburg (TVAA), a not-for-profit corporation, operates a retirement community in Baltimore, Maryland, which includes 134 independent living units, 64 assisted living units, and 131 skilled nursing beds.

Impact 1890, LLC was incorporated as a Maryland limited liability corporation to make grants exclusively for non-profit organizations that promote the health and welfare of senior citizens.

NLI is a 90 percent owner of Petalo, LLC. Petalo, LLC was established as a for-profit entity for the purposes of developing and marketing software and other technology solutions for providers of care to senior citizens. Petalo, LLC is no longer an operating entity as of December 31, 2020. The entity is expected to be dissolved in 2021.

Community Services, LLC was incorporated as a Maryland limited liability corporation to own and manage community clinics and home health organizations for the benefit of seniors. Community Services, LLC is the sole member of the following corporations:

myPotential Maryland, LLC (myPotential MD) is a Maryland limited liability corporation which operates a home care business for seniors in Maryland.

myPotential Virginia, LLC (myPotential VA) is a Virginia limited liability corporation which operates a home care business for seniors in Virginia.

myPotential Clinic-Rockville, LLC (Rockville Clinic) is a Maryland limited liability corporation which began operations in 2017 and operates a community clinic for the benefit of seniors.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Principles of consolidation: The consolidated financial statements include the accounts of NLI and its subsidiaries, NLHA, TVAR, TVOR, TLNA, TVPP, TVAA, Petalo, LLC, Impact 1890, LLC, and Community Services, LLC and its subsidiaries, myPotential MD, myPotential VA, and Rockville Clinic, after elimination of all significant interrelated balances and transactions, and are collectively referred to as the Organization.

Basis of accounting: The consolidated financial statements of the Organization have been prepared on the accrual basis of accounting, whereby revenue is recognized when earned and expenses are recorded when incurred.

Use of estimates: The preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported assets, liabilities, and disclosures at the date of the consolidated financial statements and revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents and deposit risk: The Organization considers all highly liquid investments with a maturity of three months or less when purchased to be cash and cash equivalents, excluding those classified as investments and assets whose use is limited. In the normal course of business, the Organization may have deposits with a local financial institution in excess of Federal Deposit Insurance Corporation (FDIC) insured limits. The Organization has not experienced any losses in such accounts.

Accounts receivable: Accounts receivable from residents are reported at estimated net realizable value taking into account estimated implicit and explicit price concessions. The estimated implicit price concessions are based upon management's judgmental assessment of historical and expected net collections considering business and general economic conditions in its service area, trends in health care coverage, and other collection indicators. For receivables associated with services provided to residents who have third-party coverage (which includes deductible and payment balances for which third-party coverage exists for part of the bill), the Organization analyzes contractually due amounts and provides an allowance for explicit price concessions, if necessary. Throughout the year, management assesses the adequacy of the estimated price concessions based upon its review of accounts receivable payor composition and aging, taking into consideration recent experience by payor category, payor agreement rate changes, and other factors. The results of these assessments are used to make modifications to resident service revenue and to establish an appropriate estimate for price concessions. The Organization has included a reserve within the estimated implicit price concessions of \$303,017 and \$448,107 as of December 31, 2020 and 2019, respectively, which have been recorded as reductions to resident accounts receivable.

Assets whose use is limited and investments: Assets held as operating reserves, Provider Relief Funds, resident deposits, and assets held under indenture agreements are classified as assets whose use is limited and are reported separately on the accompanying consolidated balance sheets. Assets whose use is limited, restricted cash represents the unused Provider Relief Funds that will be used in the next six months to offset lost revenue and qualified expenditures associated with the COVID-19 pandemic (Note 17). Assets whose use is limited and investments are reported on the accompanying consolidated balance sheets at fair value, based on quoted market prices as provided by a national exchange, excluding an alternative investment which is valued at net asset value (NAV) per share.

The Organization's investments are comprised of a variety of financial instruments and are managed by third-party investment advisors. The fair values reported on the consolidated balance sheets are subject to various risks including changes in the equity markets, the interest rate environment, and general economic conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the fair value of investment securities, it is reasonably possible that the amounts reported on the consolidated balance sheets could change materially in the near term.

Beneficial interest in supporting organization: TVAR, TVOR, and TLNA (supported affiliates) maintain a support agreement with NLI and NLHA relative to their long-term debt. NLI is the parent to the supported affiliates and NLHA. The support agreement outlines that NLI and NLHA will provide access to capital to

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

maintain the supported affiliates' long-term debt requirements. Although the support agreement is with both NLI and NLHA, NLHA holds the investments that are providing the beneficial interest to the supported affiliates. See Note 5 for the percent allocated to the supported affiliates.

Property and equipment: Property and equipment are reported at cost or, if donated or acquired, at fair value. Depreciation is computed using the straight-line method at rates calculated to amortize the cost of the assets over their estimated useful lives. The Organization's capitalization policy is to review invoices in excess of \$5,000 to determine if they should be capitalized. The general range of estimated useful lives is five to twenty years for furniture and equipment and fifteen to forty years for buildings and building improvements and land improvements. Expenditures that extend the useful lives of the asset or significantly increase their capacity are capitalized. The Organization follows the policy of capitalizing interest as a component of the cost of the asset acquired or constructed.

Property and equipment are evaluated for impairment whenever events or changes in circumstances indicate the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. If the expected cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of the assets. The Organization recognized a loss on impairment in the amount of \$7,148,969 for the year end December 31, 2020, as discussed in Note 16.

Pledges receivable: Pledges receivable are stated at outstanding balances and are discounted for their present value. Unpaid balances remaining after the stated payment terms are considered past due. Recoveries of previously charged off accounts are recorded when received. An allowance for uncollectable pledges is based on management's assessment of the collectability of pledges receivable and was \$28,600 and \$25,050 as of December 31, 2020 and 2019, respectively.

Funds held in trust by others: The Organization has been named as a beneficiary of a number of perpetual and charitable remainder trusts which are administered and controlled by independent trustees. The trusts are recorded as contribution revenue when the Organization is notified of the trust's existence. The Organization receives the distributions of earnings from perpetual trusts whose principal is to be held in perpetuity. The earnings from these trusts are recorded as investment income. Depending upon the terms of the remainder trusts, the Organization may receive payments over a specified period of time or at a future date.

Perpetual trusts are valued based upon the fair value of the underlying investments. The change in the fair value of perpetual trusts is reported as a change in net assets with donor restrictions. The fair value of remainder trusts are based upon a calculation of the present value of the estimated future benefits to be received when the trust's assets are distributed and are recorded as net assets with donor restrictions.

Gift annuities: Liabilities related to gift annuities issued by the Organization are recorded at the present value of the future payments based on the donor's life expectancy. Amounts donated in excess of the liability are recorded as contributions without donor restrictions on the consolidated statements of operations. The Organization uses published mortality tables adopted by the United States Internal Revenue Service (IRS) and an assumed discount rate of approximately 0.05 percent to 7.50 percent to determine the present value of the actuarially determined liability.

Entrance fees: TVAR's policy requires payment of an entrance fee for admittance to an independent living residence under a type C fee-for-service contract. The Organization currently offers a traditional entrance fee, 50% guaranteed refund, and a 90% guaranteed refund entrance fee option. The refundable portion of the traditional entrance fee is calculated based on a 60 month amortization period after applying a 10% administrative fee. After 60 months of occupancy, no refund is payable to the resident. The refundable portion of the 50% entrance fee is calculated based on a 30 month amortization period after applying a 10% administrative fee. After 30 months of occupancy, the refund payable to the resident is limited to 50% of the entrance fee. The 90% entrance fee guarantees a refund of the entrance fee paid less a 10% administrative fee. Contracts containing varying refund provisions no longer offered by the Organization to new residents remain in force.

TVAR also has a rental agreement requiring no entrance fee.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

TVOR's policy requires payment of an entrance fee for admittance to an independent living residence under a type C fee-for-service contract. TVOR currently offers a traditional entrance fee, 50% guaranteed refund, and a 100% guaranteed refund entrance fee option. The refundable portion of the traditional entrance fee, not offered in the Cottages, is calculated based on an 18 month amortization period after applying a 10% administrative fee. After 18 months of occupancy, no refund is payable to the resident. The refundable portion of the 50% entrance fee is calculated based on an 8 month amortization period after applying a 10% administrative fee. After 8 months of occupancy, the refund payable to the resident is limited to 50% of the entrance fee. The 100% entrance fee guarantees a 100% refund of the entrance fee paid. Contracts containing varying refund provisions no longer offered by TVOR to new residents remain in force.

TVOR also has a rental agreement requiring no entrance fee on select independent living units, but a one-time community fee of \$3,000 applies.

At TLNA, each resident executes a Resident's Admission and Service Agreement which includes a one-time fee of \$1,000, payable at the time of move-in. The fee is non-refundable except that such a fee would be refundable if a resident gives notice of their intention to terminate the Residency Agreement within 30 days of moving into the residential unit. Monthly service fees and charges, including the room rate, are payable in advance.

TVAA's policy requires payment of an entrance fee for admittance to an independent living and assisted living residence under a type C fee-for-service contract. The Organization currently offers a 50% guaranteed refund and an 80% guaranteed refund entrance fee option. Should the resident terminate the residence agreement after a designated trial period of six months, a refund (either 50% or 80%) will be made only after the Organization has entered into a new residence agreement with a new resident for that unit. Termination of the residence agreement prior to the completion of the trial period results in a 100% refund of the entrance fee

The Organization's non-refundable portion of the entrance fees are accounted for as deferred revenue from entrance fees and are amortized into earned revenue using the straight-line method over the estimated remaining life of the residents over the contractual term of the contract. At the time of death or contract termination, the remaining nonrefundable balance is recognized as revenue. The remaining life expectancy of the residents is adjusted annually based on actuarial information. The refundable portion of the entrance fees is not amortized into income and is reported as refundable entrance fees liability. Contractual refund obligations amounted to \$63,391,495 and \$52,528,463 as of December 31, 2020 and 2019, respectively.

Deferred financing costs: Financing costs were incurred in connection with the issuance of long-term debt. These costs are reported on the accompanying consolidated balance sheets as a reduction of long-term debt and are being amortized over the life of the debt using the straight-line method, which approximates the effective interest method. The amortization of deferred financing costs, included in interest expense on the accompanying consolidated statements of operations, totaled \$303,110 and \$237,990 for the years ended December 31, 2020 and 2019, respectively. Accumulated amortization was \$2,125,276 and \$1,338,114 as of December 31, 2020 and 2019, respectively. Capitalized deferred financing costs equaled \$205,440 and \$194,400, as of December 31, 2020 and 2019, respectively.

Net assets: Net assets, revenue, gains, and losses are classified based on the existence or absence of donor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net assets without donor restrictions: Net assets available for use in general operations and not subject to donor restrictions. All revenue not restricted by donors and donor restricted contributions whose restrictions are met in the same period in which they are received are accounted for in net assets without donor restrictions.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Net assets with donor restrictions: Net assets subject to donor imposed restrictions. Some donor imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. All revenue restricted by donors as to either timing or purpose of the related expenditures or required to be maintained in perpetuity as a source of investment income are accounted for in net assets with donor restrictions. When a donor restriction expires, that is when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Net resident service revenue: Net resident service revenue is reported at the amount that reflects the consideration the Organization expects to receive in exchange for the services provided. These amounts are due from residents or third-party payors and include variable consideration for retroactive adjustments, if any, under reimbursement programs. Performance obligations are determined based on the nature of the services provided. Net resident service revenue is recognized as performance obligations are satisfied.

Net resident service revenue is primarily comprised of the following revenue streams:

Skilled nursing: Skilled nursing revenue is primarily derived from providing nursing services to residents at a stated daily fee, net of any explicit and implicit price concessions. The Organization has determined that skilled nursing services are considered one performance obligation which is satisfied over time as services are provided. Therefore, skilled nursing revenue is recognized on a daily basis as services are rendered.

Assisted living: Assisted living revenue is primarily derived from providing housing and personal care services to residents at a stated monthly fee. The Organization has determined that the services included in the monthly fee have the same timing and pattern of transfer and are a series of distinct services that are considered one performance obligation which is satisfied over time as services are provided. Therefore, assisted living revenue is recognized on a month-to-month basis.

Independent living: Independent living revenue is primarily derived from providing housing and services to residents. The Organization has determined that the services included in the monthly fee have the same timing and pattern of transfer and are a series of distinct services that are considered one performance obligation which is satisfied over time as services are provided. Therefore, independent living monthly fees are recognized on a month-to-month basis.

The guaranteed refund component of entrance fees is not amortized to income and is classified as refundable entrance fees on the accompanying consolidated balance sheets.

Home Care/Home Health: Revenue consists of home care services and home health services. Home care revenue includes services provided by caregivers to assist with activities of daily living and other services. Home health revenue includes medical care provided by skilled medical professionals and is often prescribed as part of a care plan. The Organization has determined that home care agency revenue is considered one performance obligation which is satisfied over time as services are provided. Therefore, home care agency revenue is recognized on a daily basis as services are rendered.

Other resident services: Other resident services revenue includes services such as housekeeping, laundry, transportation, medical supplies, and other revenue from residents. The Organization has determined that other resident services revenue is considered one performance obligation which is satisfied over time as services are provided. Therefore, other resident services revenue is recognized on a daily basis as services are rendered.

Revenue from nonrefundable entrance fees received are recognized through amortization of the nonrefundable entrance fee using the straight-line method over annually adjusted estimated remaining life expectancies of the residents which during the contractual term of the contract approximates the period of time the goods and services under the agreements are expected to be transferred to residents. The unamortized portion is classified as deferred revenue from entrance fees on the consolidated balance sheets. Amortization of nonrefundable entrance fees included in independent living revenue was \$7,802,511 in 2020 and \$5,718,274 in 2019.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The Organization receives revenue for services under third-party payor programs, including Medicare, Medicaid, and other third-party payors. Settlements with third-party payors for retroactive adjustments due to audits, reviews, or investigations are included in the determination of the estimated transaction price for providing services. The Organization estimates the transaction price based on the terms of the contract and correspondence with the third-party payor and historical payment trends, and retroactive adjustments are recognized in future periods as final settlements are determined.

The Organization disaggregates revenue from contracts with customers by type of service and payor source as this depicts the nature, amount, timing, and uncertainty of its revenue and cash flows as affected by economic factors. Net resident service revenue consists of the following for the years ended December 31:

	2020

The Organization has agreements with third-party payors that provide for payments at amounts different from established rates. A summary of the payment arrangements with major third-party payors follows:

- **Medical Assistance:** Under the Medical Assistance Program's case-mix reimbursement system, the determination of reimbursement rates for skilled nursing costs is based upon a recipient's dependency in Activities of Daily Living (ADL) and need for and receipt of ancillary nursing services. Each recipient is assigned a reimbursement level depending on his or her degree of dependency in ADL.
- **Medicare:** Nursing and ancillary services provided to Medicare Part A beneficiaries are paid at prospectively determined rates per day. These rates vary according to a resident-specific classification system that is based on clinical, diagnostic, and other factors, and the reimbursement methodology is subject to various limitations and adjustments.

As described above, the Medical Assistance and Medicare Part A rates are based on clinical, diagnostic, and other factors. The determination of these rates is partially based on the Organization's clinical assessment of its residents. The Organization is required to clinically assess its residents at predetermined time periods throughout the year. The documented assessments are subject to review and adjustment by the Medical Assistance and Medicare programs.

The Organization also has entered into payment agreements with certain commercial insurance carriers and others. The basis for payment to the Organization under these agreements includes prospectively determined rates per day or discounts from established charges.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Advertising: The Organization expenses advertising costs as incurred. Advertising expense totaled approximately \$1,365,000 and \$1,545,000 for the years ended December 31, 2020 and 2019, respectively.

(Deficiency) of operating and nonoperating revenue over expenses: The consolidated statements of operations include the determination of (deficiency) of operating and nonoperating revenue over expenses as the performance indicator. Changes in net assets without donor restrictions, which are excluded from the performance indicator, consistent with industry practice, include fair market value adjustment for affiliation, inherent contribution from affiliation, net unrealized gains on alternative investments measured at NAV and debt securities, and net assets released from restrictions for capital purchases.

Tax status: NLI, NLHA, TVAR, TVOR, TLNA, TVAA, and TVPP are not-for-profit corporations as described in Section 501(c)(3) of the Internal Revenue Code (IRC) and are exempt from federal income taxes on related income pursuant to Section 509(a) of the IRC. Impact 1890, LLC, and Community Services, LLC and its subsidiaries are limited liability corporations and will be treated as disregarded entities for tax purposes with all activity flowing through to NLI. Petalo, LLC is treated as a partnership for tax purposes. NLI had approximately \$1,700,000 and \$1,100,000 in net operating loss carryforwards for the years ended December 31, 2020 and 2019, respectively. Any deferred tax asset related to the carryforward losses would be valued at \$0 as of December 31, 2020 and 2019, as the future losses may not be able to be used to offset future income.

Reclassifications: Certain items in the 2019 consolidated financial statements have been reclassified to conform to the 2020 consolidated financial statement presentation.

Subsequent events: The Organization has evaluated subsequent events for recognition and disclosure through April 15, 2021, which is the date the consolidated financial statements were issued.

Recent Accounting Pronouncements

Nonrefundable Fees and Other Costs: Premium Amortization on Purchased Callable Debt Securities: In March 2017, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2017-08, *Receivables – Nonrefundable Fees and Other Costs* (Subtopic 310-20): *Premium Amortization on Purchased Callable Debt Securities*, to amend the amortization period for certain purchased callable debt securities held at a premium. The FASB is shortening the amortization period for the premium to the earliest call date. Under current GAAP, entities generally amortize the premium as an adjustment of yield over the contractual life of the instrument. The amendments do not require an accounting change for securities held at a discount; the discount continues to be amortized to maturity. The Organization adopted this guidance during the year ended December 31, 2020. Adoption of this guidance did not have a material impact on the Organization's consolidated financial statements.

Fair Value Measurement: In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement* (Topic 820): *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this Update modify the disclosure requirements on fair value measurements in *Topic 820, Fair Value Measurement*, based on the concepts in the Concepts Statement, including the consideration of costs and benefits. In addition, the amendments eliminate *at a minimum* from the phrase *an entity shall disclose at a minimum* to promote the appropriate exercise of discretion by entities when considering fair value measurement disclosures and to clarify that materiality is an appropriate consideration of entities and their auditors when evaluating disclosure requirements. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level III fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. The Organization adopted this guidance during the year ended December 31, 2020. Adoption of this guidance did not have a material impact on the Organization's consolidated financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Consolidation: In October 2018, the FASB issued ASU 2018-17, *Consolidation* (Topic 810): *Targeted Improvements to Related Party Guidance for Variable Interest Entities*, in response to stakeholders' observations that Topic 810, *Consolidation*, could be improved in the following areas: 1) applying the variable interest entity (VIE) guidance to private companies under common control, and 2) considering indirect interests held through related parties under common control for determining whether fees paid to decision makers and services providers are variable interests. The Organization adopted this guidance during the year ended December 31, 2020. Adoption of this guidance did not have a material impact on the Organization's consolidated financial statements.

Note 2. Liquidity and Availability of Resources

The following table reflects the Organization's financial assets available for general expenditure within one year as of December 31. Financial assets are considered unavailable when illiquid or not convertible to cash within one year. Unavailable financial assets consist of: resident deposits, assets whose use is limited, debt service reserves, operating reserves, resident deposits, and donor restricted funds.

	2020	2019
Financial assets:		
Cash and cash equivalents	\$ 4,520,162	\$ 2,353,837
Accounts receivable, net	3,257,917	2,977,882
Investments	84,436,254	69,757,941
Total	\$ 92,214,333	\$ 75,089,660

As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. The Organization invests cash in excess of daily requirements in short-term investments. Certain of the donor purpose restricted funds may be utilized as the restrictions are satisfied. As stated in Note 5, the Organization designated a portion of its investments as an operating reserve to comply with the requirements of the Maryland Department of Aging Reserve Requirements and thus they are not included in the schedule above.

Although the Organization does not intend to utilize the operating reserve for general expenditures as part of its annual budget and approval process, amounts designated as operating reserves could be made available as necessary. The operating reserves are included in assets whose use is limited on the consolidated balance sheets and do not have third-party restrictions or limitations on the withdrawal and subsequent liquidation of such funds.

To assist management in satisfying any unanticipated liquidity needs, the Organization has lines of credit totaling \$11,250,000 with banks that can be drawn upon (Note 7).

Note 3. Concentrations of Credit Risk

The Organization grants credit without collateral to its residents, most of whom are local residents and are insured under third-party agreements. The mix of gross receivables from third-party payors is as follows as of December 31:

	2020	2019
Medicaid	30 %	14 %
Medicare	28	33
Self-pay	27	34
Commercial	15	19
	100 %	100 %

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 4. Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. This guidance defines fair value, establishes a framework and hierarchy for measuring fair value, and outlines the related disclosure requirements. The guidance indicates that a fair value measurement assumes that the transaction to sell an asset or transfer a liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability based upon an exit price model. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The levels of the fair value hierarchy are as follows:

- Level I Quoted prices in active markets for identical assets or liabilities.
- Level II Observable inputs other than Level I prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level III Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following tables present financial assets and liabilities measured at fair value on a recurring basis as of December 31 by caption on the consolidated balance sheets:

Investments and assets whose use is limited are presented together in the tables above as there are various investment and cash accounts that are allocated between the investments and assets whose use is limited lines on the consolidated balance sheets.

The Organization has no financial assets or liabilities that are recorded at fair value on a nonrecurring basis.

There were no transfers between Level I, Level II, or Level III during the years ended December 31, 2020 or 2019.

The following methods have been used by the Organization in estimating the fair value on a recurring basis of its financial instruments. There have been no changes in the methodologies used as of December 31, 2020 or 2019:

Cash and cash equivalents: Fair values, which are the amounts reported on the consolidated balance sheets, are based on multiplying number of units held by \$1 per unit.

Equity securities, exchange traded funds, and mutual funds: Valued at the closing price reported in the active market on which the individual securities are traded for equity securities and fixed income mutual funds and quoted market prices in active markets.

Fixed income securities and other: Fair values of these items, which are the amounts reported on the consolidated balance sheets, are estimated using quoted prices for similar securities.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Alternative investment is comprised of a hedge fund. The Organization measures the fair value of the alternative investment based on net asset value (NAV) as calculated on the reporting entity's measurement date. The Organization measures the fair value of an investment that does not have a readily determinable fair value, based on the NAV of the investment as a practical expedient, without further adjustment, unless it is probable that the investment will be sold at a value significantly different than the NAV. If the practical expedient NAV is not as of the reporting entity's measurement date, then the NAV is adjusted to reflect any significant events that would materially affect the value of the security and the NAV of the Organization as of the valuation date. In using the NAV as a practical expedient, certain attributes of the investment, that may impact the fair value of the investment, are not considered in measuring fair value. Attributes of those investments include the investment strategies of the investees and may also include, but are not limited to, restrictions on the investor's ability to redeem its investments at the measurement date at NAV as well as any unfunded commitments. The alternative investment as of December 31, 2020 and 2019, was \$3,815,128 and \$3,450,246, respectively. The investment strategy for Ironwood Institutional Multi-Strategy Fund (Fund) is capital appreciation with limited variability of returns. The Fund invests exclusively in other private investment companies, which invests substantially all of its assets in hedge funds and other similar investment vehicles that are managed by a select group of portfolio managers who invest in a variety of financial markets and utilize a broad range of alternative investment strategies. There were no unfunded commitments as of December 31, 2020 or 2019, and there is a monthly or quarterly redemption notice of 15 - 120 days.

Funds held in trust by others: Valued based on the fair value of the trusts' underlying assets, which approximates the discounted present value of future cash flows.

Pledges receivable: Valued based on the original pledge amounts, adjusted by a discount rate that a market participant would demand and an evaluation for uncollectable pledges.

Long-term debt: Valued based on current rates offered for similar issues with similar terms and maturities, or estimated based using a discount rate a market participant would demand.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The change in value in Level III assets is recorded on the consolidated statements of changes in net assets as an increase or decrease in net assets with donor restrictions.

In accordance with Maryland law governing continuing care retirement communities, TVAR and TVAA are required to set aside operating reserves totaling 15% of the facility's net operating expenses (as defined) for the most recent fiscal year. The reserve required is calculated as \$7,257,690 and \$4,486,650 as of December 31, 2020 and 2019, respectively. Beginning January 1, 2023, the reserve requirement will be equal to 25% of TVAR and TVAA's net operating expenses.

Note 6. Property and Equipment

A summary of property and equipment and the related accumulated depreciation is as follows as of December 31:

	2020	2019
Land	\$ 24,049,367	\$ 19,050,712

During the year ended December 31, 2020, the Organization determined that certain project development costs were not deemed reasonable to complete and, therefore, were impaired. The total write off of these costs was \$7,148,969 and is included in loss on impairment on the accompanying consolidated statement of operations (Note 16).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Construction in progress consists primarily of the following:

Initial project development costs for a planned expansion and repositioning project at TVAR expecting to consist of an addition of 130 independent living units in place of 33 of its existing independent living units. In addition, the expansion phase will add additional common space, dining rooms, and underground parking. The final construction payment due relative to the project has been accrued as a liability as of December 31, 2020.

Planning and pre-development costs for TVPP are approximately \$11,700,000. TVPP has various development and purchase agreements in place subject to future project approvals. The Organization expects to receive construction approval in 2021.

Civil engineering, survey, geotechnical, legal, planned unit development and related approvals, and certain other costs for TVAA to complete an independent living renovation and overall campus repositioning project.

NLI charges a development fee for developing projects for the subsidiaries. Total capitalized developed fees were approximately \$3,900,000 and \$3,100,000 as of December 31, 2020 and 2019, respectively.

Note 7. Long-Term Debt and Lines of Credit

The Organization maintains variable rate lines of credit, bearing interest at a variable rate of 2.40% as of December 31, 2020, totaling \$11,250,000 with local financial institutions, collateralized by a portion of its investments and real property. Borrowings on the lines of credit amounted to \$7,530,734 and \$5,944,972 as of December 31, 2020 and 2019, respectively.

Long-term debt consists of the following as of December 31:

The TVAR Series 2018 Bonds are draw down bonds to fund the TVAR construction project described in Note 6, with the total bond issuance being \$87,500,000, consisting of \$17,970,000 of Series 2018A, \$13,690,000 of Series 2018B, \$40,000,000 of Series 2018C, and \$15,840,000 of Series 2018D. An additional \$28,335,000 was drawn down from the Series 2018 bonds in 2020.

On March 1, 2019, the Economic Development Authority of the City of Staunton, Virginia, issued the 2019 Legacy at North Augusta 2019A Residential Care Facility Revenue Bonds for \$9,890,000, whereas the proceeds were loaned to the Organization. The bonds are labeled as draw down bonds, and are for the purpose of capital improvements, along with new construction of additional housing for assisted living, and the construction of an assisted living memory care unit. As of December 31, 2020, there has been one draw down on January 30, 2020, for \$2,390,000. The draw down bonds have a fixed rate of 5.25%, with a maturity date of July 1, 2024.

As security for the payment of the bonds, TVOR, TLNA, and TVAR each has granted a lien and security interest in their respective mortgaged premises and TVOR and TVAR will assign all their respective pledged assets, including gross receipts, inventory, accounts receivables, contracts rights, general intangibles, and other as defined in the documents. Additionally, NLI and NLHA entered into support agreements guaranteeing the repayment of the bonds as additional security. The support agreements will terminate upon the achievement of certain financial performance targets as defined in the agreements.

The Organization is required to comply with certain debt covenants in connection with the aforementioned long-term debt. Except for TVAA, management believes they are in compliance with all covenants as of December 31, 2020 and 2019. TVAA did not meet its covenant requirements for the year ended December 31, 2020; however a waiver was obtained from the financial institution on March 22, 2021, in relation to these requirements.

NATIONAL LUTHERAN, INC. d/b/a NATIONAL LUTHERAN COMMUNITIES & SERVICES**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

The long-term debt maturing in the next five years and thereafter is as follows as of December 31, 2020:

Years Ending December 31:

2021	\$ 3,055,232
2022	3,302,411
2023	4,046,000
2024	13,524,000
2025	4,340,000
Thereafter	<u>197,873,000</u>
	<u>\$ 226,140,643</u>

Interest expense totaled \$8,186,252 and \$7,665,740 for the years ended December 31, 2020 and 2019, net of capitalized interest of \$1,180,977 and \$809,082, respectively.

Subsequent to the year ended December 31, 2020, a debt modification of TVAR's Series 2012 A and B bonds was executed. The debt modification lowered interest rates and modified the future amortization of the debt.

Note 8. Leases

The Organization has entered into several non-cancelable lease arrangements under which the Organization is the lessee.

The amounts recognized as right-of-use (ROU) assets related to operating leases is listed in the asset section of the accompanying consolidated balance sheets. The amount recognized as a right-of-use asset related to the operating leases is listed in the assets section of the accompanying consolidated balance sheets net of accumulated amortization. The related lease liabilities for operating leases are listed in the liabilities section of the accompanying consolidated balance sheets. The Organization does not have variable lease payments, options required to be recognized as part of a lease ROU asset, or residual value guarantees. The Organization's leases do not contain non-lease components.

A schedule of future minimum lease payments due under operating leases as of December 31, 2020, follows:

Years Ending December 31:

2021	\$ 293,655
2022	90,680
2023	50,887
2024	11,694
2025	<u>8,771</u>
Total lease payments	455,687
Less effects of discounting	<u>(19,544)</u>
Total lease obligation	<u>\$ 436,143</u>

As of December 31, 2020, the weighted-average remaining lease term for all operating leases was 2.3 years.

The Organization utilizes the incremental borrowing rate as the discount rate. The weighted-average discount rate associated with operating leases as of December 31, 2020, was 4.50%.

that is consistently applied. Costs not directly attributable to a function, including depreciation and interest, are allocated to a function on a square footage basis.

Note 11. Pension Plan

The Organization participates in a 403(b) defined contribution plan (Plan). The Plan was amended on January 1, 2020. Prior January 1, 2020, the Organization contributed 2% of each eligible employee's salary and matched 50% of each employee's contribution up to 8% after 90 days of service for a maximum contribution of 6%. On and after January 1, 2020, the amended Plan states the Organization shall make a Safe Harbor contribution in an amount equal to 100% of each employee's contribution, up to a maximum of 3% of such participant's compensation. In addition, the Organization will contribute 50% of each employee's contribution up to the next 2% of such participant's compensation for each payroll period. All participating employees' contributions are 100% vested and employer contributions are vested at 20% per year to 100% after five years. Employer contributions totaled \$600,320 and \$973,127 for the years ended December 31, 2020 and 2019, respectively, and are included in employee benefits and payroll taxes on the consolidated statements of operations.

TVAA has a 403(b) defined contribution plan. Under the terms of the plan, employees are immediately eligible to contribute pre-tax dollars to the plan. In addition, employees are eligible to receive matching employer contributions of up to 3.5% of base salary after one year of qualifying service, defined as 20 or more hours per week. Employer contributions totaled \$148,654 for the year ended December 31, 2020, and is recorded with employee benefits and payroll taxes. On December 31, 2020, the participants of the plan were notified of plan termination effective January 1, 2021, and all plan assets were subsequently transferred to the Parent's (NLCS) defined contribution plan (above), consistent with all other NLCS subsidiaries. Termination of the plan was in accordance with the Employee Retirement Income Security Act (ERISA) standards.

Note 12. Benevolent Care

The Organization extends charity care and other support to residents, who meet certain criteria under its benevolent care policy and are unable to pay for services, at all levels of care as needed and when appropriate without charge or at amounts less than its established rates. Because the Organization does not pursue collection of amounts determined to be benevolent care, they are not reported as resident service revenue.

The Organization maintains records to identify and monitor the level of benevolent care it provides. The estimated cost of providing benevolent care is based upon the direct and indirect costs identified with the specific benevolent care provided. The cost of benevolent care provided amounted to approximately \$794,100 and \$559,600 for the years ended December 31, 2020 and 2019, respectively. Benevolent care related to the Medicaid program amounted to approximately \$5,100,000 and \$2,565,000 for the years ended December 31, 2020 and 2019, respectively.

Note 13. Medical Malpractice and General Liability Claims Coverage

The Organization purchased medical malpractice and general liability coverage from a commercial insurance carrier via an insurance broker until August 3, 2020. This coverage was provided on a claims-made basis. As of December 31, 2019, and through August 3, 2020, general liability coverages were provided for the Organization in the amount of \$1,000,000 per event and \$3,000,000 per annual aggregate. The Organization has evaluated claims incurred but not reported through August 3, 2020, and has deemed it not necessary to record a liability based on the Organization's lack of history of claims'.

Beginning on August 4, 2020, the Organization joined a reciprocal risk retention group (RRRG). The coverage is provided on a claims-made basis. Medical malpractice and general liability coverages were provided for the Organization in the amount of \$1,000,000 per event and \$3,000,000 per annual aggregate.

NATIONAL LUTHERAN, INC. d/b/a NATIONAL LUTHERAN COMMUNITIES & SERVICES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Each claim has a \$50,000 self-insured retention, prior to the primary insurance coverage. The Organization also has an excess umbrella policy for general liability coverage. The excess umbrella limit is \$15,000,000 in the aggregate. The Organization funds any potential accrued claims incurred but not reported liability through the premiums paid to the RRRG. As of December 31, 2020, no such adjustments to premiums are deemed necessary.

Note 14. Commitments and Contingencies

The health care industry is subject to numerous laws, regulations, and administrative directives of federal, state, and local government agencies. Compliance with these laws, regulations, and administrative directives is subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time. Government activity continues to increase with respect to investigations and allegations concerning possible violations by health care providers of fraud and abuse statutes and regulations, which could result in the imposition of significant fines and penalties as well as significant repayment for patient services previously billed. The Organization is not aware of any material incidents of noncompliance; however, the possible future financial effects of this matter on the Organization, if any, are not presently determinable.

Note 15. Business Combinations

On January 1, 2020, with the approval of the Maryland Department of Aging and with consent from the Board of Trustees at both National Lutheran, Inc. d/b/a National Lutheran Communities & Services (NLCS) and Augsburg Lutheran Home of Maryland, Inc. (Augsburg), Augsburg became an affiliated entity of NLCS known as "The Village at Augsburg, a National Lutheran Community" (TVAA).

The transaction was accounted for under the acquisition method in accordance with accounting principles generally accepted in the United States of America. Transaction costs associated with the transaction, including professional, consulting services, and legal fees, amounted to approximately \$69,900.

Such costs were included on the consolidated statement of operations in professional fees expenses. The following table summarizes the amounts of fair value of the assets received on the affiliation date:

Market value of fee simple estate	<u>\$ 35,500,000</u>
Real property allocation:	
Real property	\$ 32,430,000
Furniture, fixtures, and equipment	1,070,000
Business value (goodwill)	<u>2,000,000</u>
Market value of the going concern	<u>\$ 35,500,000</u>

As a result of the affiliation, goodwill resulted from the excess of the market value of the going concern over the identifiable assets of TVAA. Goodwill resulted from NLCS' right to use website registration information, phone and facsimile numbers, the resident referral list, current residents receiving services and care, care plans and medical records associated with those residents, a staffed work force, managed care and other contracts, permits, licenses and agreements, reputation in TVAA's geographic market area, and other intangible business assets.

As a result of the affiliation, TVAA recorded a fair market value adjustment of \$17,855,151 which is included in other changes on the consolidated statement of operations as of December 31, 2020. The adjustment is comprised of the \$2,000,000 recognized as goodwill and a write up of fixed assets of \$15,855,151 due to the valuation of real property as of the affiliation date.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 16. Loss on Impairment

During 2020, certain construction in progress costs related to the project development were deemed to be impaired, and were recorded as a loss on impairment on the statement of operations. The assets were no longer applicable to the project due to a change in the configuration of the project and to additional restrictions placed on the development by the City. These changes in scope and restrictions have resulted in little or no carrying value to the Organization relating to these costs. The amount of property and equipment impaired amounted to \$7,148,969 for the year ended December 31, 2020.

Note 17. COVID-19 Pandemic

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China, and has since spread to other countries, including the U.S. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, multiple jurisdictions in the U.S. have declared a state of emergency. It is anticipated that these impacts will continue for some time. Future potential impacts related to the pandemic may include disruptions or restrictions on the Organization's employees' ability to work, census, and residents' ability to pay monthly rents or daily fees. Operating functions that may be affected include, but are not limited to, admissions, dining, environmental services, and delivery of services and care. Changes to the Organization's operating environment may increase operating costs. Although the Organization has disaster plans in place and operates pursuant to infectious disease protocols, the potential impacts of the continued pandemic, including economic impacts, could continue to be volatile in 2021.

Federal and state governments have passed legislation, promulgated regulations, and taken other administrative actions intended to assist health care providers in providing care to COVID-19 and other residents during the public health emergency. Sources of relief include the federal Coronavirus Aid, Relief, and Economic Security (CARES) Act, which was enacted on March 27, 2020, which included, among other programs, the Paycheck Protection Program (PPP) and the Provider Relief Fund (PRF).

The material government funding received by the Organization, and the corresponding accounting for the funding, is outlined below:

U.S. Department of Health and Human Services (HHS) Provider Relief Fund: During the year ended December 31, 2020, the Organization received \$3,249,963 in funding through the HHS PRF program established by the CARES Act. According to guidance provided by the HHS, these funds may only be used when health care providers experience a loss in revenue and/or incur expenses as a result of the COVID-19 pandemic. Additionally, health care providers must comply with certain terms and conditions, established by the HHS, when spending the funds. If the health care provider is unable to justify utilization of the funds through lost revenue or COVID-19 expenses, the funds must be returned to the HHS.

The balance of advanced PRF funds unused to offset lost revenue and qualified expenditure is reported in refundable advances on the consolidated balance sheet as of December 31, 2020. Based on the Organization's calculation of lost revenue and COVID-19 expenses, the Organization has recognized \$3,072,613 as Provider Relief Funds revenue during the year ended December 31, 2020, while \$490,528 remains in refundable advances. Infection control payments that were received subsequent to year end are included in accounts receivable on the consolidated balance sheet and totaled \$313,178 as of December 31, 2020, of which \$59,871 was recognized as Provider Relief Funds revenue, and is included in the total revenue of \$3,072,613. While the Organization has utilized all available current information in determining the proper utilization and accounting for these funds, additional guidance is expected that could have a material impact on how the Organization has recognized PRF.

Paycheck Protection Program Loan: In April 2020, the Organization obtained loans totaling \$9,000,500 under the Paycheck Protection Program pursuant to the CARES Act. The Organization initially elected to account for the PPP loans as a liability when received.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The proceeds from the loans must be spent on qualifying expenses such as covered payroll costs, mortgage interest on real or personal property, rental obligations on real or personal property, and covered utility costs allowed under the CARES Act. The Organization had selected the twenty-four week covered period as allowed under the CARES Act. The Organization used the loan proceeds in accordance with the terms of the PPP and applied for forgiveness from the financial institution once the proceeds were fully expended. Certain subsidiaries of the Organization are still pending approval from the Small Business Administration (SBA); the financial institution has recommended to the SBA that forgiveness be granted. Certain other subsidiaries of the Organization have received full forgiveness. The Organization has maintained adequate records and believes that all requirements under the PPP guidelines have been met to achieve loan forgiveness. As such, the total loan amount was recognized as revenue and included in Paycheck Protection Program contribution on the consolidated statement of operations for the year ended December 31, 2020.

The Centers for Medicare and Medicaid Services (CMS) Accelerated/Advance Payments: In order to increase cash flow to providers of services and suppliers impacted by the COVID-19 pandemic, the CMS has expanded its current Accelerated and Advance Payment Program to a broader group of Medicare Part A providers and Part B suppliers. The expansion of this program is only for the duration of the public health emergency. An accelerated/advance payment is a payment intended to provide necessary funds when there is a disruption in claims submissions and/or claims processing. These expedited payments can also be offered in circumstances such as national emergencies, or natural disasters, in order to accelerate cash flow to the impacted health care provider and suppliers. The CMS is authorized to provide accelerated or advance payments during the period of the public health emergency to any Medicare provider/supplier who submits a request to the appropriate Medicare Administrative Contractor (MAC) and meet the required qualifications. The Eligibility & Process includes the following areas: Eligibility, Amount of Payment, Processing Time, Repayment, and Recoupment and Reconciliation.

The Organization took advantage of this program and applied and received \$2,868,892. Due to the Recoupment and Reconciliation process of this program, the full balance is recorded on the consolidated balance sheet as a current liability as of December 31, 2020.
